Wholesale Price List

NO. 2

GENEVA NURSERIES

SPRING 1913

YOUNGERS & CO., PROPRIETORS

LONG DISTANCE PHONE 44

GENEVA, - NEBRASKA

SPRING 1913.

TO THE TRADE:

We invite the attention of Nurserymen and dealers to our Wholesale Price List for the Spring of 1913. These prices are for the trade only and cancel all previous quotations.

Our stock is all young and thrifty and is free from insect pest or disease. A certificate of inspection will be furnished with each shipment.

Our shipping facilities are excellent. We have the B. & M. and C. & N. W. railroads and the Adams and American Express Companies.

In ordering please state plainly age, size and price of stock wanted as noted in this list; also how you want the goods shipped, whether by freight or express and by what route. In the absence of such instructions we will forward to the best of our judgment.

After delivering to the forwarder, all shipments are entirely at purchaser's risk and should any loss or delay occur, the transportation company alone can be held responsible.

Prices quoted are net, cost of packing to be added. Quotations are limited to the spring of 1913, and are subject to change without notice. Fifty trees, not less than ten of a variety, will be furnished at hundred rates, and three hundred at thousand rates.

In the selection of varieties we will follow the wishes of the purchaser as far as assortment of stock will permit, but we reserve the right to substitute unless expressly ordered to the contrary. If the grade of stock ordered is exhausted, we reserve the right to fill the order with a higher grade of stock, at the price, however, of the grade ordered.

GUARANTEE OF GENUINENESS.—While we exercise the greatest care to have all stock true to label, it is mutually agreed between the purchaser and ourselves that our guarantee of genuineness shall in no case make us liable for any sum greater than that originally paid for the stock that may prove untrue.

TERMS.—Cash, unless specially agreed. Remit by bank draft, post-office or express money order. C. O. D. orders must be accompanied by one-fourth of the amount of the order. Telegraph orders from known responsible parties will receive prompt attention. In telegraphing use the Nurseryman's Code.

CLAIMS.—All claims for errors must be made at once upon receipt of goods.

CAUTION.—We accept all orders on the condition that they shall be void should any injury befall the stock from hail, fire, frost, or other causes over which we have no control.

Dealers will find our packing facilities unexcelled in the West.

Address all correspondence and make all remittances payable to

Read Every Word — Very Important to YOU!

Every MAN should be Insured — ARE YOU?

Every WOMAN working for a living — and every housewife and mother—should be Insured — ARE YOU?

Every HOME should be Protected, by having the Breadwinner insured for Sickness, Accident and Death — IS YOURS?

Every WOMAN should see that her husband insures himself in her favor—if he does not or will not—she should do it herself, and thus Protect the Home—even if she must keep him from knowing of it — HAVE YOU?

Every HUSBAND and FATHER should see that his wife and children will have something coming in if he takes sick—is injured or should die — HAVE YOU?

This Society insures its Members and pays them Cash Benefits when SICK — INJURED — Upon losing a PART OF THEIR BODY—and at DEATH, either natural or accidental. We accept both MEN and WOMEN, and we specially invite all WOMEN whose husbands have neglected this important matter of insuring themselves — to investigate our NEW PLAN of COMPLETE FAMILY PROTECTION at once. It is the woman who ALWAYS SUFFERS from lack of insurance, and it is she who profits most from PLENTY OF INSURANCE. Investigate immediately AND SEE.

FALL BEARING FREE STRAWBERRY SEEDS

The growing of new varieties of everbearing or fall bearing strawberries is a pleasant and interesting experiment, and in many cases will prove very profitable.

Suppose you originate a new variety that proves a better berry than those already in cultivation. Your fortune would be made, for there is going to be a great demand for these fall bearing strawberries, which many people believe will take the place of all other types of strawberries grown at the present time.

In order to create a greater interest in these fall bearing strawberries, I have prepared packets of seeds taken from the best varieties, such as Americus, Superb, Progressive, Francis, Productive and Autumn.

Every one of these seeds will produce a distinct new variety, different from all the others, and there will be all kinds of different shapes, colors, flavors, etc.

On the other side of this coupon you will find my special offer, whereby a packet of these seeds may be secured free. Read the offer and write me at once, so that you may secure these seeds for planting this spring.

With each packet of seeds I send a circular giving complete instructions for planting and taking care of the plants.

Some of the plants grown from seeds planted this spring will bear fruit this fall as early as August and September.

Do not delay, but send in this coupon early, for the supply of seeds is limited.

Fill out the coupon, accepting the special half-rate offer which I make on the other side, and mail to me at once. Address

L. J. FARMER, Pulaski, N. Y.

How to Get a Packet of FALL BEARING Strawberry Seeds **FREE**

Everyone who grows strawberries, or is interested in fruit growing of any description, should be a regular reader of Fruit-Grower and Farmer, published twice a month at St. Joseph, Mo. This is America's leading horticultural magazine, and you cannot afford to grow fruit without it.

The regular price of this magazine is \$1 a year, but by special arrangement with the publishers, I am enabled to offer a full year's subscription at half price—50c; and to everyone sending a remittance of 50c between now and June 1, 1914, I will send, absolutely free, a packet of everbearing strawberry seeds, as described on other side of this coupon.

Do not delay, but send remittance of 50c at once, and take advantage of this offer.

Remember that seeds planted this spring will give you everbearing strawberry plants which will fruit this fall. Read the testimonials herewith, from parties who have planted these seeds, and fill in the coupon below and mail direct to me at once.

TESTIMONIAL

I planted your fall bearing strawberry seeds February 24, 1913, and set them out doors June 1st. I commenced picking fruit August 4th. I have a fruiting row for next season that would make Senator Dunlap "go some" to equal. I think that every seed grew, as I threw away as many seedlings as I saved, and I planted 200 plants.—L. Mitchell, Jr.

L. J. FARMER, Pulaski, N. Y.

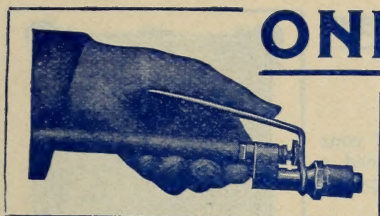

I enclose remittance of 50c for one year's subscription to Fruit-Grower and Farmer, St. Joseph, Mo. You are to send me, **FREE**, one packet of fall bearing strawberry seeds.
